RE: Letter of Recommendation for Al's Asphalt Paving Co., Inc.

To Whom It May Concern:

As a City, we are pleased to provide a letter of recommendation for Al's Asphalt Paving Co, Inc. Last year they completed several projects for the City including the Riverside Drive resurfacing project (\$164,000.00) which included the milling of existing asphalt pavement, concrete base repair and placement of new asphalt wearing surface. They completed a reconstruction of Elm Street (\$52,000.00) which is a local road in our downtown area that included complete pavement removal and replacement with concrete curb and gutter and asphalt pavement. In addition they also completed the reconstruction our Library and Westfield Senior Center parking lot (\$95,000.00) which included the pulverizing of the existing asphalt pavement, placing of a new wearing surface and pavement striping.

We were very satisfied with the overall performance of the company as well as the personal service and involvement of the staff including their Project Manager, Rick Cox. They were always only a phone call away and were available on site in a very timely manner. They completed the project on time, within budget and without any safety incidents. We would highly recommend their company and would not hesitate in contracting with them for future projects.

If you have any questions regarding this letter, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Kelly Marie Fedele". The signature is fluid and cursive.

Kelly Marie Fedele, P.E., P.S.
Assistant City Engineer
