Al Williamson
Al's Asphalt Paving Company
25500 Brest rd.:
Taylor, MI. 48180

Dear Al;

Your company has done three different jobs for us now, both here at our Toledo facility and our Monroe location as well. The quality of work provided by your company has been of the highest standards, and we would like to thank you for the excellent job you have completed, each and every time.

So often when we contract work out, we have experienced inferior performance, quality and work ethics. Our experience with your company, on every occasion, has been far superior to those by far.

We will continue to call upon you for any work that we may need in the future. In addition, I will highly recommend your company to everyone I know that is considering any type of paving for themselves.

Please feel free to use this letter as recommendation for future business if you like.

Again, our greatest appreciation is extended to you and your staff for the excellent work you have done for us.

Sincerely,

Rudy C. Vogel
President
